Authorisation to Capture and Broadcast Your Child's Image

This is the read-only English version of our Autorisation de Captation et de Diffusion de l'Image. The French version needs to be signed within the application pack.

The law requires schools to request permission whenever they, through their teachers, wish to photograph and/or film pupils in the context of school and extra-curricular activities.

If you prefer not to fill in this form, no photos of your child will be taken and your child will not appear on any medium (paper, digital, magnetic, fabric, plastic, etc.).

Description of the educational project for which this authorisation is required (objective, date, teacher, and accompanying persons):
Activities in class and within the school involving all staff of Rainbow School Paris and Rainbow PreSchool.

Attending school at the Rainbow School Paris (92), I hereby authorise the Rainbow School Paris to:

- To photograph and/or film my child(ren) in the context of the school or extra-curricular activity covered by the educational project described above, up to a maximum of one year following the year in progress.
- Reproduce and distribute these images in part or in whole on any medium (paper, digital, magnetic, fabric, plastic, Rainbow School Paris website, etc.) and integrated into any other material (photography, drawing, illustration, painting, video, animations, etc.) known or to come

This authorisation is granted with the following reservations (*Select all the applicable options) :

- Face blurring; (*)
- Group image only; (*)
- No mention of family name; (*)
- No mention of first name. (*)

This authorisation is refused.

It is understood that Rainbow School Paris is committed to the following:

- The images or videos may not be distorted or taken out of context by editing or any other process.
- The photograph, video and any accompanying caption may not infringe on the privacy or reputation of the child.
- Under no circumstances will Rainbow School Paris give the images to third parties.
- Regardless of the use, type or extent of the distribution, there will be no remuneration from or by Rainbow School Paris for the use of the images.
- Respond to every request by virtue of the right to oblivion for the child whose image or voice appears on the media or recordings concerned.

As an extra precaution, the Rainbow School Paris specifies that the School cannot be held responsible for the use of your child's image by third parties¹, to which you would have previously consented.

I have read and agree to the Authorisation to Capture and Broadcast Your Child's Image terms.
