With Miss Isabelle we made flower necklaces (garlands) which are very pretty and easy to make. We are making them for our Christmas play.

We are practicing the Christmas play in the big blue room with all the teachers it is exciting we do it with all the school.

The lions and hedgehogs are this week doing a very interesting math's problem with money with Miss Suzie.

A very difficult problem to solve with our teacher but luckily we found the answer. It was very fun with all the class. The whole class had fun.
